FREEDOM OF
INFORMATION 9-6

Dear Ms. Dorsey:

Under the provisions of the Freedom of Information Act, 5 USC Section 552 et. seq., General Electric Company hereby requests any and all information in your files that in any way supports EPA's assertion of liability against GE under the Comprehensive Environmental Response, Compensation and Liability Act, if any, regarding the above-referenced site.

This includes, but is not limited to, site operator records, trip tickets, invoices, unloading records, logbooks and the like. In addition, would you please also provide, general background information or a summary discussing the history and conditions at the site, a list of potentially responsible parties, the Remedial Investigation/Feasibility Study, and the Record of Decision.

Very truly yours,

Robert W. Frantz
